📁 [MyPortfolio](#)

## 🎓 SUMMARY

I am an aspiring Computer Engineer who offers a solid foundation in computer science fundamentals. I am good at Python Programming. Skilled in frontend development, specializing in creating user-friendly web interfaces.

## 🎓 EDUCATION

### Bachelor of Engineering (Pursuing)

Jayawantrao sawant college of engineering, Pune

present | Pune, India

- Aggregate Percentage: 75.00 % (8 CGPA)

### 12th (HSC)

Sangameshwar College, Solapur

2021 | Solapur, India

- Percentage: 93.50 %

### 10th (SSC)

Mangrule HighSchool, Akkalkot

2019 | Akkalkot, India

- Percentage: 86.80 %

## 📁 PROJECT

### Food Subscription Website

- Developed a responsive website for OmniFood, an online food subscription service.
- The project focused on implementing various front-end technologies to create an engaging and user-friendly experience.
- Technologies: The technologies utilized for this project include Html, Css, and basic of Js.

### Movie Recommendation System

- Utilized Python to create a recommendation system that suggests movies based on user preferences.
- Handled missing values, and performed data manipulation using pandas.
- Developed a user-friendly interface that takes user input to provide personalized movie recommendations

## 🧠 SKILLS

### Technical Skills

- Programming languages: Html, Css, JavaScript, Python
- Database management: MySQL

### Technologies and Tools

- GitHub
- Visual Studio Code
- Jupyter Notebook

### Soft Skills

- Adaptability
- Teamwork
- Critical thinking

## 🏢 INTERNSHIPS

### Internship at CodSoft

Dec 2023 – Jan 2024

- Acquired the knowledge of Html, Css and Javascript for crafting web interfaces.
- Developed skills in creating user-friendly web interfaces

### Internship under YBI Foundation

Jul 2024 – Aug 2024

- Learned techniques for cleaning and preparing data for analysis.
- Building machine learning models using algorithms like linear regression, and neural networks.
- Using programming languages such as Python and libraries like NumPy, pandas, scikit-learn, Keras.

## 📄 LEARNING AND CERTIFICATIONS

### Python Programming

(January 2024)

### Frontend Technologies

(July 2024)
